**HIGH UP ON THE MOUNTAIN** in a most peaceful and naturalized setting is where you'll find this authentic log home. Come in from the covered porch and discover exposed wood beams, complementing wallcoverings, native-stone fireplace, wood plank floors, and stone tile across the kitchen and dining area to complete the mountain-appropriate theme. There's plenty of room in the kitchen which is open to the dining and great room area. The great room centers on the fireplace and a lengthy covered back porch overlooks a beautiful and wooded setting where all you'll hear are the sounds of nature. Bookending the home and off the great room is a sprawling and covered deck with a view - you'll love spending time here! Make it your mountain retreat, you'll enjoy it for weekends or for everyday life.
